

# Challenging Learning Training

James Nottingham is available for consultancy, keynotes, demonstration lessons and interactive workshops. The topic areas he covers are suitable for all phases of 3 – 19 education, including Early Years, Primary, Secondary and Further Education.

## From *Challenging Learning*:

- **FEEDBACK**

Identified as *'the most powerful single modification that enhances achievement,'* feedback can include assessment for learning, praise, and marking.

- **APPLICATION**

Looking at what affects students' motivation and application, and what we can do to improve this.

- **CHALLENGE**

How we can use the *Teaching Target Model* to ensure that challenge is a feature of every lesson, thus enhancing achievement and growth of learning.

- **THINKING**

*'The development of a general ability for independent thinking and judgement should always be placed foremost, not the acquisition of special knowledge.'*

- **SELF ESTEEM**

Based on James's experience of leading an award-winning regeneration project to boost the self esteem and aspirations of pupils, families and communities.

## Also:

- **Becoming an Advanced Lead Learner**

A complete framework for advancing learning in your school through strategy, implementation, thinking and decision-making.

- **From Good to Outstanding**

How to move your school and/or teaching to *Outstanding*, including practical tools and guidance.

- **Leadership**

How to achieve a balance between leadership and management so that you can positively affect change whilst working smarter not harder.

- **Philosophy for Children (P4C)**
